

SENSATIONAL Sri Lanka

Savour the splendour, intrigue and unique culture of this captivating island paradise.

Join me, Scotty The Travellingguy November 2026 as I personally take you on a journey to a destination that may not have been on top of your must visit list, but should be. Sri Lanka has so many attributes that make it so inviting that it won't be long before it is the must-see holiday spot for all, and you know what happens then!

Come with me and let me give you an experience of a lifetime as we explore all that the 'tear drop of India' holds.

Ancient historical temples and traditional villages. Golden beaches, misty mountains, mighty Elephants and stealthy Leopards. Bustling markets and local traditions. An extraordinary train journey from Rambukkana to Ella. Ziplining at Little Adams Peak for those that love their adrenaline hit! That's just a taste of what's on offer.

Delight in the distinctive cuisine that is a combination of traditions and ethnic diversity with the end result delivering you a taste sensation.

It will be 15 days of discovery and your soul will be richer for the journey

With over 20 years as a Travel Show host and producer, and many successful tours I love sharing my experience with fellow lovers of the wanderlust, and would love you to join me.

Let me do all the ground work and you come and reap the rewards!
